

Grouse Mountain Cabin

Ski Vail and Beaver Creek

Nestled in a mountainside of Aspen trees, Grouse Mountain Cabin combines log cabin charm with palatial elegance.

This cabin is a unique facility for family vacations and corporate business retreats. It offers a comfortable home for up to sixteen people.

The 30-foot living room is the heart of the house. Its massive log walls support a vaulted ceiling featuring a skylight that opens to the clear mountain skies. Sunlight pours onto a rustic stone fireplace.

Four bedroom suites with individual baths open from the living room, and two lofts serve as recreation center and study area. While the cabin's gourmet cook prepares your meals, relax in the dining area, complete with a hidden wet bar! In addition to the four bedrooms and four baths on the main level, there are two bedrooms and a bath on the lower level. A full-time staff changes linen daily.

From the deck, you can view miles of sheltered valley that includes a challenging 18-hole golf course and indoor-outdoor tennis courts.

Grouse Mountain Cabin is conveniently located—easily reached via Rocky Mountain Airways. It is a perfect location for year-round activities and scenic beauty.

Eagle-Vail, home of Grouse Mountain Cabin, is only eight minutes from the famous Vail ski slopes and two miles from Beaver Creek, a newly developed ski area.

What more glorious way to soothe ski- or tennis-tired muscles than in a Jacuzzi pool before the warm glow of the fireplace. Six whirlpool and air jets restore the body and awaken the spirit. This "Recuperation Room" adjoins a snack kitchen, bar, and an alcove water bed.

White River National Forest adjoins Eagle-Vail. Elk and deer can be seen grazing, often within reach. The choice is yours—backpacking, horseback riding, fishing, tennis, golf and countless other recreations.

Grouse Mountain Cabin promises a wonderful holiday in the Rocky Mountains—for everyone in every season.
